51,000 kg 112,000 lbs.

DIVERSIFIED SERVICE OFFERINGS

Scheduled Service

Scheduled Service transports time-sensitive, perishable, oversized, hazardous, and highly specialized products where air transportation is the only viable option.

Contracted Charters

ACMI/CMI and long-term agreements with key customers under which Amerijet operates entire cargo aircraft on their behalf.

DoD

Chartered services under various programs (e.g., CRAF) for the U.S. Department of Defense

Ad Hoc Charters

Short-term and ad hoc charters for various industries and on behalf of logistics providers and freight forwarders.

SCHEDULED SERVICE ROUTES

Expanded network capabilities and global reach:

- 104 U.S. Trucking Connections linking major U.S. cities to Miami Hub
- 70 European Trucking Connections ensuring seamless regional transport
- 80 Interline Agreements covering 345 cities worldwide for extended connectivity
