| SUBJECT: Approved Cargo Devices   |                                  |                         |
| STATUS: Effective Immediately and Until Superseded by New Bulletin                |                                  |                         |

## Cargo Devices

Devices not listed in this Bulletin should not be accepted for shipment without the approval of the Director of Quality Control and the Vice President of Global Operations. If the device is not listed in the bulletin as approved, the shipper must provide the specifications to the Amerijet Cargo representative or Station Manager for transmission to Quality Control for review and approval or denial.

Shippers are required to advise Amerijet whenever tracking, recording and transmitting devices are contained in any cargo shipment.

Please refer to COM Chapter 2, Section 7, Paragraph I for the complete policy regarding Cargo Data Logging and Tracking Devices.

| Manufacturer    | Model / Part Number   | Device Type | Date Approved |
|-----------------|---|-------------|---------------|
| 7P Solutions    | SecureFlight (GD100 and GL300 Series)   | Active      | 07/22/21      |
| Berlinger       | Q-tag CLm doc L   | Passive     | 05/22/23      |
| Blulog          | NFC Data Logger   | Passive     | 10/26/18      |
| Calamp          | SC1004 Tracking Device  | Active      | 02/14/22      |
| Calamp          | SC1204 Tracking Device  | Active      | 02/14/22      |
| Calamp          | SC1302 Tracking Device  | Active      | 02/14/22      |
| Cargo Signal    | iTraq Butterfly   | Active      | 03/01/21      |
| Cargo Signal    | Calamp 1004   | Active      | 03/01/21      |
| Cargo Signal    | LocoTrack Primary HGD4  | Active      | 09/22/21      |
| Cargo Signal    | System Loco E4BL  | Active      | 09/22/21      |
| Cargo Signal    | System Loco HGR4  | Active      | 09/22/21      |
| Controlant      | CO10.01 Cargo Tracking device   | Active      | 10/26/18      |
| Controlant      | Saga Data Logger  | Active      | 09/11/20      |
